Dear Mr Garrison

294 I welcome once more your return in a good hour to your native land — It is the Lords doing and marvelous in our Eyes — is all the comment I can make on your Career —

The Miscreants who once come by night grew bolder even after the crucifixion — but after the resurrection they became preachers — so of many doubters of liberty now —

I am preparing a little work for a Hartford Publishing company which sells by agents alone and sells at the rate of hundreds of thousands — It is the lives of the men who never fought this

battle both in a physical
& moral sense

I am putting your answers among
them enlarging the sketch from
the Valedictory & Reflector
Will you please help me a little
— Can you allow me the use of
the volumes of the Liberator here
in Hartford for a time or could
you at least give me definite
information on one or two points
What ~~and when~~ Governors in the Southern
States advertised ~~for~~ a rewards
for your head & when? — —
When was the demand made
on the Mass Legislature that
they should suppress the
Abolition ingring by law? —
When you & Dr Channing & Others
met the Legislature at the State House?

I want to give as near as
possible a little brief history

If you the thing meet you —
Can you furnish me a copy of
your last Liberator — Not especially
to write this If you can is not
presence

Did not your son as an officer
enter Charleston & take possession
of the Slave pens & auction
rooms & what trophies of this
victory may be sent to Boston
I want to make the victory
as visible & dramatic as possible

If you can help me in this
I shall hope to put in a
short form a permanent record
in many families —

Yours with sincere friendship

W. B. Stevens.
